Come join us for the first and only Davefest ever held! It was the summer 1999 and a young Dave Millross was being difficult about coming to a surprise party to be held in his honour. This film recaptures that day, along with all the hijinks and fun of Dave Jeopardy, swimming at the cottage, and watching the stars at night. Join Dave, Jeff, Lori, Rustin, Bertha, Sandi, Lee, Calvin, Heather, Laura and Helen as we look back on a trip that was a pain to organize but a joy to behold, as a moment in time from the year 1999. Included in this DVD is video, photos and posters made for the occasion, as well as a new compilation video of the time that was. Remastered six years later for Dave's birthday, the film serves as a reminder of a time long-past, and a fun weekend never to be forgotten.
